From the Secretary to the Resident in Mysore
No. 596
D. 25-1-1932.

6.33-1931

Request to send a census
indent showing precisely the number of
copies of the India and Provincial census
Reports requested by Govt.

1) In this office letter dated 13-7-1931
the Residency was requested to send a copy of
the India Report and Tables, 1931 in addition
to a copy of the same proposed to be
supplied free of cost. Again in the letter
dated 29-7-1931 it was stated that one
set of the Provincial census Reports and
Tables may be forwarded to this office.

In 1921 three sets of volumes of the
census Reports and Tables (both India
and Provincial) were asked to be supplied.

2) But it is now stated that (in
p.w.D.) that the maximum number of copies
of census Reports and Tables on India, Pro-
vinces and other states to be supplied free
of charge is 500 and the exchange
500 copies of the census Reports are asked
for. Further the maximum number of
copies of administrative Reports that can
be supplied is said to be 50.

3) The census Superintendence
may, perhaps, be consulted on
occasionally.

4) Retransmission with compliments

The letter from the Government of India refers to two matters - the number of copies of the census report ^{to be supplied free to the} and the number of copies of the All-India and provincial and State reports to be supplied free to the State.

Regarding the first matter I beg to write attention in No. 2417-1 Census 13-21-4 on one subject of the number of copies ^{the State report} to be printed in the statement ^{to that order} appended the number ^{of copies} to be supplied to the Government of India is noted as 500. The number we supplied at the last census was 635. This time I enquired whether in view of the need to reduce expenditure all round 500 copies might not be sufficient and the Census Commissioners agreed. It was after this that I made the proposal which Government sanctioned in the above order. So the supply of 500 copies ^{of the census report} therefore there can be no objection.

As regards the number of copies of the All-India and State

and (other) provincial and state reports it appears from the Secretariat file of the last census that we wanted only three sets of the India report for government and two more sets to be supplied to the Public Libraries in Bangalore and Mysore. The Government of India say that in return for ~~the~~ free supply of 500 copies your report they will if required give 500 copies of the other reports all together. (This is not usual. The number has rarely been so much as a half dozen as the reference files show. There is obviously some mistake in the proposal - for the change would not result in economy as seems to be expected.) We may perhaps ask for (1) six copies of the India report, all volumes, for government (2) A set of the ^{same} report, only report and tables volumes, for the University library, for the Public Liby. Mysore and for the Public Library Bangalore ^{to be supplied direct} (3) ~~Three~~ ^{as on the last occasion} sets of the reports of each province and State in India for which a ^{census} report is published. Items (1) and (3) will include the administrative reports also; Item (2) does not include ~~them~~ ^{as librs} are not likely to be ~~interested~~ interested in a description of the procedure followed at a census in each state and province.

Bangalore 2/2/32.

General and Revenue Secretariat

G.M. File No. 1

of 1931.

From the Census Commissioner for India No. 22 Genl. By 7-10-32 states that 6 copies of the Baroda state census administrative reports have been sent instead of one copy and requests to return the extra 5 copies.

38) In this office letter dated 12-2-32 the Residency was informed that Govt. would require 6 full sets of the census reports of each of the provinces and states in India. Accordingly the Residency sent 6 copies of Vol. XIX - Baroda - Part III - administrative volume and these were distributed among the Public Libraries. The present reference does not seem to refer to this.

39) But the Census Supt. in his letter dated 23-6-32 reported that he has asked the Census Commissioner for India to send a copy each of the census reports for India and for states and provinces to the Registrar, G.R.S., Baroda for the use of the census Supt. of the state for 1941. The office branch and and G.R.S. Library may be engaged if they have received the reports referred to in the P.O.D.

Dated Bangalore, 25th Jany. 1932.

Subject.

Distribution of copies of the Census Report
of India, 1931.

SIR,

x. C.
With reference to the correspondence ending with your letter No. Pol. 134/Cens.1-31-4, dated the 29th July, 1931, I am directed to forward a copy of a letter No. F.45/82-31-Public, dated the 11th January 1932, from the Government of India, Home Department, and to request that a revised indent showing precisely the number of copies of each report which the Government of Mysore require may kindly be forwarded to this office at a very early date.

I have the honour to be,
Sir,
Your most obedient servant,

G. Kirkbride

Captain.
SECRETARY TO THE RESIDENT.

BJ

Letter No. F.45/82-31-Public, dated the 11th January, 1932,
from the Under Secretary to the Government of India, Home Depart-
ment, to the Hon'ble the Resident in Mysore.

---:0:---

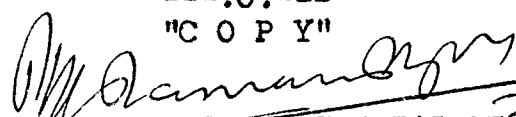

Distribution of copies of the Census Report of India,
1931.

In modification of the instructions contained in the Home Department letter No. F.45/82/31-Public, dated the 12th June, 1931, on the subject mentioned above, I am directed to say that as a measure of economy it is desirable to limit the demands of authorities in India including the Mysore Darbar and other States for all copies of the India and Provincial Census reports and tables volumes. The Government of India propose that the maximum number of copies of Census Reports and Tables on India, Provinces and other States to be supplied free of charge to Mysore, shall be 500. They desire to be supplied in exchange with 500 free copies of the census volumes of Mysore which will be required to meet the needs of the Government of India and local Governments (including other States). Within this total of 500 copies the maximum number which can be allotted by the Government of India of any one report (India or Provincial) is 50 copies, but it is not anticipated that any State will need the maximum number of copies of any report. If larger numbers are required of one report ^{of} than/the others, the indent for others can be adjusted accordingly.

2. The maximum number of copies of administrative Reports that can be supplied is 50 and within that total 10 is the maximum that can be allotted of any given volume, and, as some administrations do not even print their administrative reports, the supply of any given administrative report cannot be guaranteed.

3. I am to request that the Government of India may be furnished at a very early date with a revised indent showing precisely the number of copies of each report which Mysore Darbar require within the maxima of 500 copies each of the Report and Tables volumes and of 50 of the administrative volumes.
